

BAKEMASTER

INTERNATIONAL BAKEWARE COMPANY

Each item has been designed with the baking enthusiast in mind using heavy duty carbon steel. Featuring high quality Quantum2 non-stick coating for easy release and cleaning, this range will make cooking, grilling and baking a breeze. Whether you are a long time cook or first time baker, BAKEMASTER has a pan for you!

PERFECT CRUST

Designed to create the perfect crust, this collection features perforated holes to allow moisture to escape but keep the crispiness in.

SILVER ANODISED

Light weight and durable, Silver Anodised Bakeware has long been recognised for its superior baking qualities. The unique surface provides superior heat distribution while the tight corners and straight sides help create perfect layered cakes.

VITREOUS ENAMEL

Suitable for direct heat sources including induction, it features a durable vitreous enamel surface that allows even heat distribution and retention.

REINFORCED SILICONE

Made from premium food-grade silicone, the flexible design ensures quick and easy removal of your baked goods. Designed with a built-in reinforced steel frame for strength and stability.

PROVING BASKETS

Create an artisan style loaf with the help of Bakemaster Proving Baskets. Available in a variety of shapes and sizes, each basket will help the dough maintain its shape and develop flavor before baking.
