FOOD PRESENTATION SOLUTIONS TO ENHANCE YOUR GUEST EXPERIENCE

Elevated food presentation at its best

Save time and increase your reputation with our innovative products. From drinks in the lobby to breakfast buffets, in-room dining, and poolside events, through to conferencing and corporate stints, we have the right equipment to keep your food safe and sustainable – all with durability and a small environmental footprint.

Paying guests, visitors, and facility users rightly expect their food to be pristine. Therefore, presenting clean and inviting food stations and buffets, will not only result in happy guests but also additional revenue for your business.

Profitable hospitality is all about impeccable presentation, portion sizes, sustainability practices, and service. Having the right equipment ensures you can sustain your high-quality service in less time.

Providing your staff with equipment that is risk averse, has a smaller carbon footprint, has higher visibility, and is easy to maneuver and set up, will always offer better results. With equipment that also has the flexibility to transform into a breakfast setting, a lunch buffet, and a chic cocktail

presentation, you and your team will be able to display an array of dishes to enhance the visitor experience.

Whether you're a hotel, pub, or club that requires durable buffet equipment that's simple to set up, or you're hosting a quiet service for clients who aren't fond of noisy crockery, we'll ensure you have everything you need for an elegant presentation.

Countless operators and food professionals are investing in buffet equipment that adds something extra to their display. At Top Shelf Concepts, we can help you use your space and shelving effectively, with products that'll withstand any occasion, meet food, sustainability, and safety standards, and look incredibly pleasing to the eye.

PARTNERSHIPS

We're proud to partner with leading hotels and hospitality groups across the Asia Pacific region to provide cutting-edge food presentation equipment.

OUR SUSTAINABILITY MISSION

Eco-friendly food and beverage solutions

With the hospitality industry going green, we aim to provide innovative equipment solutions that are both biodegradable and reusable.

It's a journey we're proud to be on, to ensure your guests' expectations are always met with visual appeal.

From automatic food dispensers to help reduce food and plastic waste, to reusable lunchboxes, biodegradable disposables, and bamboo products that grow incredibly fast and never need to be replanted, our products provide vital economic and ecological benefits to the lives of millions of people around the world.

At Top Shelf Concepts, we continue to scour the world for food presentation solutions that responsibly enhance

the guest experience. We help smart operators keep the environment front of mind, by conserving natural resources and reducing their carbon footprint, whilst also meeting regulatory guidelines, remaining profitable, and making a positive impact within their communities.

Sustainable practices are shaping the future of the hospitality industry, and every business needs to have efficient ways to present and serve food to enhance the guest experience, whilst meeting the sustainability goals of a venue.

Top Shelf Concepts is committed to adopting necessary measures to minimise our impact on the environment and reduce our carbon footprint by recycling, utilising paperless systems, using electric vehicles, and solar energy.

SEASONAL FRUIT MERINGUE TART

by Vijay Prakesh.

Ingredients

Serves 10 Prep 15min Cook 20min

- 3 thawed sheets of frozen shortcrust pastry
- 230ml water
- 100ml lemon juice
- 120g caster sugar
- 20g cornflour
- 2 egg yolks
- 30g unsalted butter
- 1 tsp lemon zest
- 2 egg whites
- 30g icing sugar
- 1 tsp lemon juice
- Seasonal fruits, such as blueberries, strawberries, and mango
- 20g fairy floss for garnish
- 10 edible flowers for garnish
- 10 mint leaves for garnish
- 1 bottle berry coulis for plating

Method

Preheat oven to 200C and grease tart mould tray.

Using a 10cm cutter, cut 10 rounds of pastry and place the pastry in each mould. Prick the bases with a fork and bake for 5 to 10 minutes.

Meanwhile, combine water, lemon juice, caster sugar, and cornflour in a saucepan until smooth. Bring mixture to a boil, stirring constantly, until the mixture thickens. Then, reduce the heat and simmer for 4 minutes.

Stir egg yolks, unsalted butter, and lemon zest into the mixture, and allow to cool slightly. Add the mixture into each pastry mould, ensuring the mixture

is level, and leave to cool until firm.

In a clean, dry bowl, use an electric mixer to beat the egg whites until soft peaks form. Gradually add icing sugar, one tablespoon at a time, and continue beating until the sugar dissolves and the mixture is stiff, thick, and glossy. Then, delicately add lemon juice to the mixture.

Set oven to 230C and dollop the meringue mixture over each tart mixture. Bake for 5 minutes until lightly browned, then set aside to cool.

Top meringue with chopped seasonal fruits, edible flowers, mint leaves, and fairy floss.

SWEET SUCCESS

Meet chef Vijay Prakesh.

Creative, hardworking, highly motivated, enthusiastic, and curious, are just a few words that describe, Vijay Prakash, Executive Chef at Voco Brisbane City, an IHG hotel, where he manages the overall food production operation.

It was his love of food and the yearning to take up challenges that led Vijay to pursue cooking as a profession. His journey led him to work alongside a string of famed celebrity chefs, and heading up kitchens, armed with creative and innovative menus. His love of travel and tasting new food combinations keeps him competitive within the hospitality industry and assists him with managing the overall food production operation at Voco.

In his last role, Vijay was responsible for cooking an extensive range of cuisines from over 18 different countries at JW Marriott. This enhanced his current approach to food and allowed him to experiment with a variety of dishes from across the world.

Chef Vijay doesn't believe that certain flavours should be relegated to a single cuisine. Instead, he prefers to merge flavours to create unique and unexpected experiences for his diners. Vijay's offering also pays

homage to his culinary background, marrying food science with traditional and modern cooking styles, as he believes food should be seasonal, crafted, intuitive, and innovative.

Vijay likes to work alongside local Australian

farmers and food vendors to create a positive impact within the culinary community and take a more sustainable approach to his food philosophy.

A topper of his hotel management batch, Vijay has been awarded several accolades for the various positions that he's held across a variety of organisations. He focuses on high standards in the preparation of his food and the delivery to exceed guest expectations and makes a habit of taking initiative, which has been greatly appreciated by his peers.

At Top Shelf Concepts, we're all about providing access to valuable products to help chefs like Vijay create an exceptional and memorable culinary experience. Vijay loves the choice Top Shelf Concepts provides, as he believes

innovation and an expansive range of products on offer are important to those in the culinary world. He says, "It signifies premium ingredients and high-quality tools, which can elevate the overall taste and presentation of dishes."

"Working with an extensive function space here at Voco to cater different events from corporate to social, Top Shelf Concepts has solutions for all

occasions, and they have the latest, upgraded, and trending supplies for chefs to present their food items nicely. The different colours, shapes, sizes, and designs fit perfectly within our venue and stand out incredibly in all venues!

Buffet Stations

Rosseto Serving Solutions takes an innovative and sustainable approach to buffet stations by introducing new food and beverage furniture that does not require heavy linen! With beautiful clean lines, the presentation of these buffet tables is just as important as the quality of food being served. From classic to creative, there is a surface tabletop that suits every décor. These modular table systems are ideal for buffet stations offering a wide range of display and self service stations. Being portable they are easily set up, and pulled down by any layman.

Add shelves to elevate the dining experience of your guests. Maximise your catering space by mixing and matching with Modulte™ and the modular table systems.

MODULITE™ 3 LEVEL KITS

2 x Table Top, 1 x Shelf

Combining linear units and height, this design layout makes the ideal action station. It's all about versatility – a coffee break station in the morning, a food station at lunchtime, and a portable bar in the evening – the ultimate buffet to enhance your guest experience.

Action Stations

Guests' fascination with chefs, food preparation, and presentation around the action station continues to grow and evolve in events. Creating that theatre and wow factor attracts repeat business and keeps your guests talking about you!

Modulite™ is designed to enhance your guest experience. Engage your guests with these interactive stations. Elegant design, and functional elements that the chefs and F&B professionals are looking for. From an omelette station to a make it your own dish station, Modulite™ is the perfect choice.

Cooking and Warming Stations

Imagine the visual appeal of a beautiful feast, the aroma as it is prepared, and the sound of food being cooked. Cooking and warming stations generate excitement, curiosity, and can be a great catalyst of social interaction and guest engagement.

Our newest addition to induction stations is a fully integrated drop in cooking range. Available as portable units and trolleys to make serving even easier for food professionals.

BUFFET

Eating with your eyes.

First impressions matter, which is why our buffets and food stations are made to make an impact. With designs to enhance your venue and brand, our high-quality display cases are built to keep food as fresh as possible, whilst also creating an eye-catching display.

Running a profitable food service operation isn't easy, especially with guest numbers fluctuating from week to week and hour to hour. You need to be prepared for busy days, quiet times, and weekend peaks, whilst managing costs and food. However, with the right tools, equipment, and processes in place, food costs can be managed and improved each month.

At Top Shelf Concepts, we specialise in supplying food presentation and dispensing equipment to the hospitality industry to create memorable guest experiences, whilst lowering operating costs and the need for additional labour.

Modular elements allow you to create infinite customisable solutions according to your menus and the fluctuating phases of each day. Using our unique fashion-forward display ware products for modern buffets, banqueting, conferencing, and events presentations, create beautiful food presentations to enhance the guest experience.

Buffet stations and self-serve setups are easy with our food presentation solutions. Designed to be scalable and versatile for any event, our innovative products are perfect for any food service and complement all decor.

Well-presented food creates memorable dining experiences and ensures satisfied guests become raving fans and returning visitors of your property.

DRINK DISPENSERS

Keep beverages chilled while displaying them in these gorgeous vessels that have a timeless design to suit every venue.

Our Beverage Dispensers are made of solid top-quality acrylic and are available with wood, acrylic or metal bases to pair beautiful visual elements with unmatched functionality. Each dispenser features a removable top-loading ice chamber for a chill that lasts and releases a downward cooling effect enabling endless enjoyment. Beverage Dispensers are a welcoming gesture for hotel and corporate guests and enable you to create a unique serving station they'll constantly return to.

Our acrylic pastry display cabinets and bakery display cases are durable enough for heavy usage, but also lightweight enough to be easily maneuvered and cleaned. They provide style, versatility, and height enabling you to flawlessly display your mouth-watering food. Simply choose your base from a wide range of bamboo, stainless steel, and black matte options, and we'll also customise the base with any branding or additional messaging you may need.

At Top Shelf Concepts, we also have a beautiful range of functional bakery display cases and risers to help you create a memorable breakfast buffet. This collection is also great for deli's, shared office spaces, restaurants, and cafes that sell bread, sweets, pastries, and grab-and-go food.

Each of these bakery display cases has different levels inside allowing trays to accommodate items in varying sizes. Place your pastries and baked goods on our acrylic food-grade trays for effective displays with front and rear doors allowing you and your guests to easily access your baked goods.

NATURA™ FRESH MARKET COLLECTION

Want the farm-to-table look without sacrificing luxury? Create a stunning farm market display with this inspiring new collection from Rosseto®. Rustic yet elegant, each item is made of the highest quality bamboo with triple-layered durability technology. Each piece can stand alone or connect with other bamboo pieces to craft the ultimate breakfast display.

Nesting display blocks can be used with removable ice trays and with modular display stands in several sizes, you can display scrumptious bakery items and fresh whole fruits in new and innovative ways. Add integrated items like a bamboo beverage dispenser or bamboo bakery blocks to complete your elevated food presentation.

The Top Shelf Concepts Bakery Line provides a durable solution for food displaying and serving. Being sufficiently durable for heavy usage, yet lightweight enough to be easily maneuvered and cleaned, our Bakery Line features adjustable shelves to display food flat or on an angle. Perfect for breakfast buffet, grab-and-go stations, and merchandising, our Bakery Line blends function with stylish coordination in both natural wood and sleek black tones.

The Bread Column features a two or three-stack container with acrylic drawers and steel handles. The case is available in black or bamboo to present your pastries and bread in a modern style. Add one of our stunning surfaces in wood, glass or acrylic to elevate your baked goods with additional surface space for exceptional food presentation.

MULTI-LEVEL RISERS

Skycap is the quintessential system for the culinary professional. This displayware distinctly fuses top-quality materials, modularity, high visibility, and contrasting levels to create a modern and sustainable presentation. Stainless steel towers with carved notches allow you to easily sculpt and transform this modular piece into a sophisticated front bar, an illuminated back bar, a chic catering buffet or food station, a decadent dessert table, and even an upscale retail display.

The great starter kits and modular risers can easily be mixed and matched with pieces from the Rosseto® line and feature fully configurable risers, surfaces, platters, warming stations, and cooler trays.

Multi-level risers and surfaces are fantastic if you need a small food station for a breakfast buffet, a boardroom lunch, or a conference, and by using Top Shelf Concept's Rosseto® range, you can transform your display for different dining experiences. Whether you need a lobby presentation, mini bar or a buffet, effectively use your space with our vertical and horizontal food safe serving solutions.

Rosseto® Skycap® 10 Piece Black on Black Riser Kit

SK022 for 10pc kit

Food safe surfaces that can be easily refreshed and elements that can be combined to suit different styles and spaces, enabling you to maximise your buffet presentation.

Endless vertical and horizontal possibilities exist with our risers and surfaces, and by choosing between our functional tabletops for warming, cooling, bar presentation and serving, combined with your ideal colour, material and finishes, you'll create a system that will continue to impress your guests for years to come.

MULTI-LEVEL RISERS

Our distinctive multi-level system offers the flexibility to build an array of displays that will suit every chic buffet, modern food station, or elegant front bar. With symmetrical systems that can be added to any riser, our multi-level serving solutions offer a balanced and show-stopping food presentation.

Going vertical has never been so easy. Our Tall Column Riser will give you the height you need to expand surface area on a table top with dramatic effect.

THE CHEF'S LEGO!

Visual impact

Top Shelf Concepts prides itself on creative, high-quality service solutions. Towering buffet risers, elegant platters, and attractive yet efficient dispensers are just a few of the products that can assist in keeping your service area looking clean and stylish.

Cost effectiveness

Attractive displays that use buffet space thoughtfully can eliminate the need for an overproduction of food, while retaining that mouth-watering appearance of abundance – with the added benefit of staff productivity enhanced due to less monitoring and maintenance.

Quality and durability

At Top Shelf Concepts we provide only the highest quality products, crafted from superior and innovative materials and provide you with efficiency and reliability over time. Food and beverage in hotels and motels must withstand harsh treatment by customers, so serving and presenting food must be highly considered in order to maintain the exceptional standard that guests and clients expect.

However, with such a wide range of food presentation equipment available, catering for every need and event, this is perfectly achievable, ensuring that your guests will always receive a warm welcome.

INDUCTION MULTI-CHEF™

The Rosseto® Multi-Chef™ precise warming technology heats food faster and more efficiently, helping hospitality professionals control food temperatures throughout events to maintain food quality and eliminate the cost and toxicity of canned fuel.

- No tools required
- Heats continuously with a programmable controller
- No fumes, flames, CO2, chemical smell, or empty cans in landfills
- No open flames and the heater remains cool to the touch
- Efficiently heats chafers using 200-300 watts
- Ultra-quiet

CHAFING DISH BLOCKS

Induction set-ups are becoming more popular as smaller, made-to-order stations are being favoured over large-capacity chafers.

New Rosseto® induction tops are now available for all Multi-Chef™ bases, including new base additions to the Natura collection with both single and double induction tops available in both natural and walnut-stained bamboo. Rosseto® induction pieces are affordable, yet high quality in both material and design. Each base connects to all Rosseto® surfaces so you can build a complete station to align with your ideal display and workspace. Add on a selection of Ven glass pieces to complete your look and eliminate the need for bulky chafers with warming solutions crafted from professional-grade stainless steel. Beautiful round and square presentations elevate food to new heights and provide even heat distribution for impeccable dishes.

PORCELAIN TABLEWARE

Les Essences - porcelain for catering

High-quality porcelain tableware provides impermeability, resistance, and a soft approach to food presentation. Our porcelain can withstand the demands of the most intense service and its distinctly linear yet contemporary design presents a modern look to emulate today's clean culinary styles. Creative companion pieces layer well with this collection; however, this collection can also make a bold tabletop statement on its own. Adding a creative layer to your dining experience, our porcelain collections are impactful in their simplicity and promote creativity for a sophisticated presentation.

FOOD SAFE PAPER**

Delight guests with eye catching designs

Our paper is entirely food safe. The paper is sourced only from virgin pulp and printed with food safe ink, which means food can be placed directly on the paper.

- Short runs
- Affordable
- Fast delivery - printed in Australia

Our multi-purpose paper is available in white and custom printed in any colour, size and in the design that you choose! Our top-quality food grade paper is compostable, biodegradable, and recyclable, printed with food grade ink that ensures you are food safe. They are made naturally without coatings which enables them to be used in the oven, microwave, and freezer. Line buckets, boards, chip cones, trays and baskets, wrapping food, or takeaway containers – TopStyle has you covered. Specially manufactured food safe papers are compostable, biodegradable, and recyclable.

IT'S EASY TO ORDER.

Tailored for your brand

Looking for more customisation options? Our food safe paper has a thickness of 38gsm (comparable to baking parchment), which allows it to be flexible enough for presentation, yet sturdy enough for performance. Simply choose your custom size, shape and colour from our range of options to create a unique paper solution for your brand.

Clean, crisp, and creative

Personality-filled presentation while preserving freshness and resisting grease is easy with our customisable range of food paper.

FOOD BRANDING TO IMPRESS

Custom Branding Iron

Engraved with your logo or design, you can mark and personalise food with our custom branding irons. Whether you're branding bread, meat, fish skin, fruit peels, or wooden surfaces, our iron options will help you brand a small format logo with ease. Impress your guests and keep them talking about your brand long after their dining experience!

Enhance the dining experience for you and your guests with customised branding irons made with your artwork, logo, or chosen text.

Place your logo onto loaves of bread, cakes, toast, burgers, steaks, beef, ice cubes, and citrus fruits. These TopStyle™ branding irons are an excellent solution for culinary professionals and event planners to help you leave your mark on a wide range of food products. Made from food safe brass, our custom branding stamps are perfect for brand marketing and will elevate any cocktail event.
